**Subject:** DRAFT QAPP for West Lake sediment sampling

Brad, Tom,

Here's a draft/preview of a QAPP for sediment sampling. I think there was some discussion about modifying location 3# near Weir #9/10, and maybe there were some other things to tweak as well. Let me know if you want to discuss. This QAPP deals with just the sediment sampling at the landfill. I'm starting another QAPP for the background Pb-210 study.

Thanks!

Rob
